108 Massau Street, (corner of Ann.) WILL BE PUBLISHED ON 1st AUGUST,

THE CABIN BOY'S STORY A SEMI-NAUTICAL ROMANCE OF INTENSE INTEREST, BY THE AUTHOR OF THE "PL-RATE DOCTOR," THE "LAWYER'S STORY,"

The success hitherto enjoyed by the author of the above popular works is a sufficient guarantee of the favor with which any productions coming from his pen with which any productions coming from his pen will be received by the public. "The Cabin Boy's Etory" is a romantic narrative, illustrating the horrors of the Slave Trade, as carried on in the Coast of Africa. The author has served in the navy and the descriptions and characters are painte from personal acquaintance with them. The story is full of exciting interest and adventure as the cel ebrated work of Defoe, "Robinson Crusoe," and hee the advantage over that glorious fiction, inasmuch as it is founded on facts of every day occurrence — The history of the heroine of the story, Zuleika, the Circussian Slave, purchased at Constantinople, edu cated and married by the reckless, yet chivalric Sey-mour—the commander of the Albatross, is simply the narration of a fact painted from the life, and al

the numerous characters portrayed throughout the story are vividly and graphically drawn. The publishers have already received orders for the whole of the edition it was origically their intention to publish; consequently they have been chilged largely to increase it; and they respectfully request that all orders may be sent in immediately.

They could leadly expect that the work will create as much interest as any work of fiction that has of late emanated from the press, as notwithstanding, sinc. the publication of "Uncle Tom's Cabin," works relating to slavery in America, PRO and cox, have been numerous, none have appeared having relation to the system of purch sing slaves on the African Coast, written by one who has witnessed it in all its hideous deformity The work is written in chaste and pure language, and will be a welcome and instructive addition to the family library.

The work will form a beautiful octavo volume of 400 pages, handsomely illustrated with fine engravings, and elegantly bound in cloth.

Price in cloth 11: in present Price in cloth, \$1; in paper 75 cents, at which rate copies will be sent by the publishers to any part of the country, free or postage.

I had several Physicians, took large quantities of Quiuine, Mercury, and I believe all the Tonics advertised, but all without permanent relief. THE ALTERATION OF THE MINNESOTA LAND BILL.

That the readers of the Star may see precisely how far the Hon. Mr. Stevens, of Michigan, is involved in this affair, we extract from the official account of the proceedings on the case, as follows: Mr. STEVENS. A charge has been made

It has been stated to me that my name has been connected with the matter upon which a special committee has been appointed this morning, in reference to the alteration of the records of the House. They explained the alterations which they desired made. Of the design and object of the alterations I was then, and am even now, ignorant. I then conferred with one or two members of the Senate on the subject. They rather spoke to me on the subject, and I told them frankly that when I reported the bill to the House, I told them, in addition, that I had stated the substance of it, and, as I thought the alteration was made, and that, if it were possible, I should be glad if the changes indicated were made. This was the last I heard of it while I was in the Senate. Subsequently, one of the clerks of the Senate, General Patton, came to tion?" me in the lobby, just in front of the centre door, and holding out the bill to me, asked whether it was right. Mr. Stevens. One word more. I was asked if I had any interest in this matter. I have endeavored to explain that I have not, except so far as it benefits my State; and in benefiting my State it benefits a great many other States. The alteration which has been made in this case, as I understand it, simply gives to the companies which are now organized, but were not organized at the time this bill passed, an opportunity to compete in the Legislature for this land. That is all the difference which the change makes.
